Re: Bath House Parking Lot Expansion, Bear Canyon Mine, Permit
Revision Request, Task #2978.

Dear Mr. Helfrich:

Hiawatha Coal Company is requesting a revision to our current MRP for initial review. Please find all the pertinent changes to the MRP included in this submittal. All other pertinent information can be found within the current MRP. A description of those locations is attached to this letter.

Hiawatha Coal Company proposes to expand its current parking area to accommodate its current work force. Currently there is not adequate parking space to safely allow our work force parking while they are at work. Further, there are safety issues with the roadway entering the parking area as it is not wide enough to allow two-way travel.

Due to the proximity of Bear Creek it was decided the expansion had to move West and South so as not to compromise the integrity of the Bear Creek stream. To do this Hiawatha Coal Company proposes an Incidental Boundary Change along our western boundary to the Bath House Area. Also, the main access road entering the Mine area is not wide enough to allow two-way travel safely. Hiawatha Coal Company proposes to eliminate the use of the current D-8D water bar and install a culvert to allow this area to be widened to allow safe travel through the area.

Please find 1 hard copy and 4 digital copies attached to this request.

If you have any questions, please call me at (435) 687-5777.

Sincerely,

Cliff Baker
Environmental Coordinator
